BACKFLIPS AGAINST BULLYING

Acrobatic Educational Shows for Schools

Engaging Students through Parkour and Acrobatics

Teachers should be allowed to focus on what they do best; TEACHING. By addressing bullying on a social level, we can empower students to hold each other accountable. Let's take action together and build a harassment-free school environment that saves lives.

Education is based on content and engagement. Great content isn't enough to educate students who don't want to learn. Engaging students in any topic is the hardest, but take discrimination or bullying for example. The students who need to hear it the most are the ones who are hardest to engage, because instinctively we resist things that aim to challenge us, or our ways. So educators find other ways to engage them; an activity, a fun workbook, a game. We go a step above that and do Backflips.

Parkour and Acrobatics is one of the fastest growing trends today. But it's unreasonable to expect that teachers will learn how to do Backflips. And that's what an incursion is for - bring in a specialist who can bring something new to the table. When students are engaged, they learn. So we engage them with Backflips, and we teach them about Bullying.

Recurring Program Option

Keep the messaging consistent for every student that passes through your school with a Recurring Program. Each year, the incoming Year 7 cohort will experience the Backflips Program A. The returning Year 8 group will experience the Backflips Program B (Workshop) the following year. Let's build a resilient and empathetic student body throughout your school, and continue educating them each year. Ask us what this would look like for your school structure!

How Does it Work?

Each Performance runs for 1 Hour in total. A **Full Day Program** would include x3 Performances across the school day; one for each Stage. A **Half-Day Program** includes x1 Performance for the entire school; this option is the most cost effective for smaller schools.

The Backflips Against Bullying program features 3 entertainers, who use their incredible acrobatic skills to captivate and engage students, earning their respect, and encouraging them to take control of their own lives and make changes on a social level within the school.

We provide everything, from the PA System, Sets, Mats, and Microphones - all we need from you is the space!

Upon Booking Confirmation, the school will be provided with:

- **Working With Children Check details for each entertainer**
- **Program Risk Assessment**
- **Public Liability Insurance certificates**
- **Draft Permission Slip *(*Optional use; this is not required by Action Education)***
- **Curriculum Linked Lesson Plans and Workbooks to Consolidate the Show.**

Testimonials

"At Kellyville Public School we all thoroughly enjoyed the acrobatic show and I believe that students and teachers would have taken away something to remember and/or discuss regarding bullying prevention. Your trio of young people led by Harry were extremely impressive, articulate, knowledgeable, caring and friendly."

– P Hocking

"First of all, a massive THANK YOU for coming to Darlinghurst Public School and sharing your amazing bullying incursion with the kids. The combination of acrobatics and role play really engaged them. I think it was fantastic how you used the kids suggestions for your names. It was also really fantastic how you paused the role plays and had the kids respond to the bullying that was occurring. I also want to commend you on your talk on depression for children. It was straight to the point and very informative. Overall, it was a fantastic show and we would have you back!!!"

– M. Vafeas

"I was fortunate to catch your show today- It was awesome! Very entertaining, great messaging and kept the kids and adults in the room engaged throughout the entire performance. Such talented entertainers. Congratulations and wish you much success!
